

# Supply Change Notice

In September 2017, Spectrum Health Regional Laboratory will add the Hologic Aptima Unisex Swab to the Laboratory Supply options.

## NEW

Description: Hologic APTIMA Unisex swab kits.

**Used for endocervical collection only.**

Not for vaginal collections.

Description: Hologic APTIMA Vaginal swab kits.

**Used for vaginal collections only.**

## CHANGE ALERT

Name is changing to APTIMA Multitest Kit. For GC, Chlamydia and Trichomonas the only valid source is vaginal. Other listed sources are for testing not performed at Spectrum Health Regional Laboratory or Advanced Technology Laboratories.

### Important:

- For testing Chlamydia, GC and Trichomonas on patients >14 years old. Patients under 14 years will be sent to outside lab for testing. (Reference Miscellaneous/Ref Misc)

**For specimen collection instructions please visit the Laboratory Test Catalog:**
