

YOU ASKED - WE ANSWERED

The Management and Staff of the Department of Pathology and Laboratory Medicine of Hunterdon Medical Center are proud to announce the release of their new, electronic version of the

Laboratory Test Catalog.

With the help of the dedicated staff of the IT Department, we were able to place the icon for the lab catalog on the desk top home screens of all Hunterdon Healthcare network computers. This online resource will be able to guide you to all tests available through Hunterdon Healthcare and our collaboration with the Mayo Clinic.

The icon has the title HMC Laboratory Tests 

For those who do not have access to the Health System intranet, the catalog can be accessed by the internet address hmc.testcatalog.org

The catalog will be available Monday, November 4, 2013

We hope this catalog is a help as we work with you for the care of your patients.

Thank you for your patience as we developed this catalog.

We would be happy to hear any of your comments or suggestion to make the manual even better. Please call William Siemers at 908-788-6623 or e-mail siemers.william@hunterdonhealthcare.org
