

Pathology

Billings Clinic Laboratory Services provides a full range of anatomical pathology and clinical services including:

- Surgical Pathology
- Cytopathology
- Autopsies
- Clinical Pathology
- Dermatopathology
- Consultations in transfusion medicine
- Immunopathology
- Clinical Chemistry
- Hematology
- Coagulation
- Medical Microbiology

Medical Directorship and Technical Consulting is also offered.

Medical Directorship

Four board-certified pathologists who qualify to act as medical directors of highly to moderately complex laboratories, meeting Clinical Laboratory Improvement Amendments (CLIA) requirements, staff the Billings Clinic Laboratory. Billings Clinic medical directorship involves a close working relationship with the laboratory director, supervisor, and staff members. A pathologist is available 24 hours a day, 365 days a year for clinical consultation.

- Clinical consultation
- Test selection
- Proficiency testing
- Quality control and quality assurance
- Blood bank and microbiology consultation
- Chart review
- In-house education
- Pathology surgical services

Technical Consultant

Billings Clinic has a Medical Technologist who is qualified to act as a technical consultant or laboratory director for your laboratory. The Technical Consultant works closely with the director of your laboratory to achieve this task. This service involves helping the laboratory supervisor meet the technical and scientific oversight of the laboratory demanded by CLIA. Our comprehensive program includes the following:

- CLIA Regulations
- Quality control
- Quality assurance

- Proficiency testing
- Preventative maintenance
- Complaint management
- Employee/interoffice communications
- Compliance
- Personnel competency

On site visit arrangements are made depending on the clients wants and needs. Telephone consultation is also available.

If you are interested in the above services please contact the Billings Clinic Laboratory Services Marketing and ask for Jena DeVries, Lisa Donoho, or Kristy Schneider at 406-657-4060 or 866-232-2522.
