## *Approved Reference Laboratories*

Although St. Luke's Laboratory can perform a majority of the diagnostic tests requested by physicians, some tests that are infrequently ordered or of an esoteric nature require the use of reference laboratories for analysis.

The reference laboratories that have been approved for use by the medical staff are:

- Ameritox, Midland, TX
- AIT, Indianapolis, IN
- Caris Life Sciences, Phoenix, AZ
- Clariant, Aliso Viejo, CA
- Genomic Health, Redwood City, CA
- Iowa Neonatal Metabolic Screening Program, Ankeny, Iowa
- Jones Regional Medical Center, Anamosa, IA
- Linn County Health Department, Cedar Rapids, Iowa
- Mayo Medical Laboratories, Rochester, Minnesota
- MedLabs, Cedar Rapids, Iowa
- Mercy Medical Center Laboratory, Cedar Rapids, IA
- Mississippi Valley Regional Blood Center, Davenport, Iowa
- Response Genetics, Los Angeles, CA
- State Hygienic Laboratory (UHL), Iowa City, Iowa
- United States Drug Testing Laboratories, Des Plaines, Illinois
- UnityPoint Health – Des Moines Pathology Laboratory, Des Moines, IA
- University of Iowa Diagnostic Laboratories (UIDL), Iowa City, Iowa
