

APPROVED REFERENCE LABORATORIES

Although MedLabs can perform a majority of the diagnostic tests requested by physicians, some tests that are infrequently ordered or of an esoteric nature require the use of reference laboratories for analysis.

The reference laboratories that have been approved for use by the medical staff are:

- Ameritox, Midland, TX
- Clariant, Aliso Viejo, CA
- Clinical Reference Laboratories, Lenexa, Kansas
- Genomic Health, Redwood City, CA
- Iowa Neonatal Metabolic Screening Program, Ankeny, Iowa
- Linn County Health Department, Cedar Rapids, Iowa
- Mayo Medical Laboratories, Rochester, Minnesota
- MedTox® Laboratories, Inc., St. Paul, Minnesota
- Mississippi Valley Regional Blood Center, Davenport, Iowa
- Response Genetics, Los Angeles, CA
- State Hygienic Laboratory (UHL), Iowa City, Iowa
- St. Luke's Laboratory, Cedar Rapids, IA
- United States Drug Testing Laboratories, Des Plaines, Illinois
- University of Iowa Diagnostic Laboratories (UIDL), Iowa City, Iowa
