Electronic Reports

Electronic transfer of test results is provided with Sky Lakes Medical Center's and Mayo Medical Laboratories' Laboratory System Interface and MayoAccess™. These electronic ordering systems allow for immediate availability of test results as soon as results are reported by Sky Lakes Medical Center Laboratory and/or Mayo Medical Laboratories' Reference Laboratory System.

Mailed Reports

Mailed reports provide patient information, account number, laboratory control number, test name, result, and reference values.

Teleprinter Reports

Results may also be transmitted to a teleprinter in your office. Transmissions occur 24 hours a day, 7 days a week. The printer is the size of an electric typewriter, prints unattended, and is installed easily. Contact the laboratory at 541-274-6240 for further details.
