

Test Results and Reporting Options

Test results will be delivered to your office by OhioHealth using one of the technologies below.

- *Rapid Access to all Patient Test Results:* OhioHealth Link (OH Link) allows you to access patient results via Internet browser. For more information on this service call, (614) 566-4357.
- *Electronic Medical Record (EMR):* If your office interfaces with OhioHealth, you should receive results inside of your EMR.
- Auto Faxing/Printing/Courier Delivered is also way to receive your test results.

Reports can be delivered by any of the above. Your OhioHealth Laboratory Services sales representative will work with you to determine the best reporting mechanism for your practice.
