

Communications

Client Service Representatives:

OhioHealth Laboratory Services Client Service Representatives provide courteous, professional telephone communication for your entire laboratory needs. In addition to providing rapid test results by telephone, our staff will answer questions about specimen requirements, test orders and status, and assist you with courier service requirements.

Client Services can be reached at:

614-566-1LAB (1522)

Toll free number 844-326-1LAB (1522)

FAX at 614-533-1FAX (1329)

Research/Special Projects/Compliance/Regulatory

Publications

OhioHealth Laboratory Services offers an on-line Laboratory Services Test Directory listing available test methodology, interpretive information, sample requirement, and testing. Answers to questions about tests performed may be found in the OhioHealth Laboratory Services test catalog located on OhioHealth's ESource. (Clinical Resources/Clinical Research-Reference Tools/Laboratory Tests), or through the internet using the website www.Ohiohealth.testcatalog.org
