

STAT TESTS

STAT available Monday - Saturday: East Park Family Lab and Milford Street Family Lab

**STAT available Monday - Friday: Hospital OutPatient Lab, Natesan Family Lab,
POA Lab and Salisbury Family Lab**

Tests in Red are ONLY available STAT at The Hospital Outpatient Lab.

ALT/SGPT, Plasma or Serum
Alkaline Phosphatase, Plasma or Serum
Ammonia Venous, Blood
Amylase, Plasma or Serum
Antibody Screen, Blood
AST/SGOT, Plasma or Serum
Basic Metabolic Panel
Beta Chorionic Gonadotropin (hCG) (Quan), Plasma or Serum
Beta Hydroxybutyrate, Plasma or Serum
Bilirubin, Total, Plasma or Serum Blood Type,
ABO and Rh Type, Blood
B-Type Natriuretic Peptide (BNP),
Blood Calcium, Plasma or Serum
Carbamazepine (Tegretol), Plasma or Serum
Carbon Dioxide (CO₂), Plasma or Serum
Chloride, Plasma or Serum
Complete Blood Count (CBC) With Differential, Blood
Complete Blood Count (CBC) Without Differential, Blood
Comprehensive Metabolic Panel
Coombs, Direct, Blood
Creatine Phosphokinase (CPK), Plasma or Serum
Creatine Phosphokinase MB (CPK-MB), Plasma
Creatinine with eGFR (Estimated Glomerular Filtration Rate),
Plasma or Serum
Crossmatch
Cytology, Pneumocystis Carinii
CRP, Inflammatory
D-Dimer, Quantitative, Blood
Digoxin, Plasma or Serum
Draw and Hold
Drug Screen, Abbreviated, Urine
Electrolytes Panel
Electrolytes, Random, Urine
Fibrinogen, Blood
Gamma-Glutamyltranspeptidase (GGTP), Plasma or Serum
Glucose, Fasting, Plasma or Serum
Lactate Dehydrogenase (LDH), Plasma or Serum
Lactic Acid, Blood
Lipase, Plasma or Serum
Lithium, Serum
Magnesium, Plasma or Serum
Mononucleosis Serology
Osmolality, Random, Urine
Osmolality, Serum
Partial Thromboplastin Time (PTT)
Phenobarbital, Plasma or Serum
Phenytoin (Dilantin), Plasma or Serum
Serum Potassium, Plasma or Serum
Protein, Total, Plasma or Serum
Prothrombin Time (PT), Screen (Patients NOT on Anticoagulants)
Prothrombin Time (PT), Therapy (International Normalized
Ratio [INR]) (Patients ON Anticoagulants)
Reticulocytes, Blood
Rheumatoid Arthritis (RA), Serum
Sedimentation Rate (ESR),
**Rh Immune Globulin (RhIg) 28 Weeks (for Dr's
Office)**
Sedimentation Rate (ESR),
Blood Sickle Cell Screen, Blood
Sodium, Plasma or Serum
Streptococcal Serology, Serum
Syphilis Serology, Serum
Theophylline and Aminophylline, Plasma or Serum
Type and Screen
Urea Nitrogen (BUN), Plasma or Serum
Uric Acid, Plasma or Serum
Urine Chorionic Gonadotropin (UCG),
Urinalysis, with Microscopic
Urinalysis, with reflex to Microscopic
Urinalysis with reflex to microscopic &
culture
