Regulatory agencies that oversee our compliance include, but are not limited to, the Centers for Medicare and Medicaid Services (CMS), the Food and Drug Administration (FDA), and the Department of Transportation (DOT). Asante develops, implements, and maintains policies, processes, and procedures throughout our organization which are designed to meet relevant requirements. In addition, Asante has a robust internal and external audit and assessment program to monitor ongoing compliance. It is our expectation that clients utilizing our services will ensure their compliance with patient confidentiality, diagnosis coding, anti-kickback statutes, professional courtesy, CPT-4 coding, and other similar regulatory requirements.
