

Rogue Regional Medical Center (RRMC)
Three Rivers Medical Center (TRMC)

OVERVIEW

Asante Laboratory Services includes Asante Rogue Regional Medical Center (RRMC) Laboratory and Asante Three Rivers Medical Center (TRMC) Laboratory. RRMC also houses the Anatomic Pathology Laboratory.

Services include, but are not limited to: blood bank, hematology, chemistry, microbiology, anatomic pathology, cytology, microscopy, parasitology, serology and virology, and blood gases. The medical directors and their associates are members of the medical staff and are certified by the American Board of Pathology. The technologists have completed educational training and experience (prerequisites) to meet requirements for certification by ASCP, HEW, NCA or equivalent. Ancillary, nontechnical personnel are trained to meet the requirements of each position.
