
Overview

Ridgeview Medical Center Laboratory is dedicated to providing high-quality laboratory medicine to our growing service area. We are committed to community laboratory care providing physicians, nurses, and other health care personnel information which:

- Helps provide a diagnosis
- Helps determine best treatment modality
- Helps improve public and personal health efforts in the community

Ridgeview Medical Center Laboratory has a dedicated staff of professionals who support the values and guiding principles of Ridgeview Medical Center. Our services include courier pickup, consultation, continuing education programs, and automated reporting.

Our laboratory provides state-of-the-art testing and technology with next-day reports on most tests. STAT services are also available. We continue to expand our test menu to respond to community needs. For those esoteric tests which cannot be performed here, we offer convenient services through our alliance with Mayo Medical Laboratories.

Ridgeview Medical Center Laboratory is pleased to provide laboratory support services for our community. If you have any questions or would like to discuss our services, please give us a call.

Respectfully yours,

Dean R. Porter, MT(ASCP)
Laboratory Director

Lauren Kelner, MT(ASCP)
Laboratory IS Manager
